Wireless (802.11) Internet Declaration

Wireless Internet service is inherently vulnerable to interference from other devices that transmit similar radio frequency signals or that operate within the same frequency spectrum. Encore Productions cannot guarantee that interference will not occur. Encore Productions does NOT recommend wireless service for mission critical services such as product presentation or demos. For demonstrations or to present products and other mission critical activity, via the Internet, Encore Productions highly recommends Customer(s) purchase hardwired services such as a Room/Booth Connect or Event Connect. If you are unsure which of our products will best suit your needs, please contact us at (702) 967-4300 and one of our staff will be happy to assist you.

ALL WIRELESS ACCESS POINTS NOT AUTHORIZED BY ENCORE PRODUCTIONS ARE PROHIBITED.

NO Customer provided access points are authorized for use within the Facility without Encore Productions' prior approval (wireless access points without adjustable power outputs cannot be authorized under any circumstances). Customer(s) who attempt to set up their own wireless system can interfere with the facilities and/or Encore Productions Wireless Network. Encore Productions requires all Customers showcasing their wireless products to contact Encore Productions no less than 14 days prior to the show move-in so that we may engineer a cohesive network operating without interference. Approvals may incur a site survey fee.
